

COFIL®

A black and white vision

NEW COFIL
LACQUERED RIVETS

Cofil introduces its range of black and white lacquered rivets

Damesa, as a company specialising in offering fastening solutions, presents its range of black and white lacquered rivets under the COFIL brand.

In certain applications, the riveting must be aesthetically discreet and blend in with the colour of the application. For this reason, the right choice of colour ensures a perfect appearance. Lacquering the rivet also makes it more resistant to corrosion.

White is available in RAL 9010, black in RAL 9005 and blue in RAL 5010.
