SIZE	PART NUMBER
7 - S	05001795
8 - M	05001796
9 - L	05001797
10 - XL	05001798
11 - XXL	05001799

These **orange nitrile diamond-textured gloves** are far superior in every way to standard disposable nitrile gloves: The elasticity, resistance to perforation and to tearing are greater than conventional gloves and they last considerably longer. Despite weighing 8 g, these gloves offer high touch sensitivity. The **diamond texture** gives the gloves excellent grip in wet, dry or oily conditions.

These **diamond-textured nitrile gloves** are recommended for use in any application where sensitivity to touch is important: lightweight assembly, car maintenance, agriculture, cleaning, food industry or processing, sanitary etc. These gloves comply fully with norms governing exposure to chemical agents and microorganisms.

Orange nitrile disposable glove with diamond texture.  
Size M - 8 g.
