WIRE ROPE GRIPPER

- Quick assembly
- No need for tools
- Reusable

COMMON APPLICATIONS:

Hanging light fixtures, signs, HVAC systems, pipes, artwork, and other applications.

- Designed specifically for lightweight wire rope
- Used to fasten and fix in position any type of material or apparatus that must remain suspended in a certain place
- Fast, easy and cheap installation
- Guarantees firm fastening
- Discreet and attractive

The wire rope can be released by pressing the clutch button to allow the cable to move freely backward or forward, allowing for quick and easy height and levelling adjustments.
