

Tabletop machine

This blade is perfect for wet cutting hard materials and suitable for construction components such as ceramic clay, porcelain clay, klinker, fire brick, reinforced concrete, flint, fibrocement, hard tile, etc. It has a continuous band that is perfect for cutting sensitive and/or ceramic materials with great precision as it does not damage or break the material surface.

**MATERIAL:** Blade: synthetic diamond alloy and metal powder based Cobalt, Nickel and Iron  
 Sheet: tempered steel

**USES:** Ceramic clay, porcelain clay, klinker, fire brick, reinforced concrete, flint, fibrocement, hard tile

Part Number	Ø Exterior	Ø Inside	Blade size Width/Height	RPM Max.	Quality	Box Quantity	Outer Box Quantity
