

This clamp is perfect for multiple fastening of different diameters. It provides a secure and reliable fastening and resists corrosive and humid environments as it is made of AISI 304 stainless steel. It is available in 50 m band rolls, with a thickness of 0.4 mm and 4 different band widths (from 9.5 mm to 19 mm). It is fastened with buckles that adapt to the band size and with a special key that tightens and cuts.

MATERIAL: W4 Stainless Steel
AISI 304
CORROSION RESISTANCE: 400 hours Salt
Spray (ASTM B-117)

| Part Number | A | | B mm | Box Quantity | Outer Box Quantity |
