

High resistance Professional nitrile gloves - *Actifresh*
Elasticated wristband - *Superior quality*

These gloves are knitted in cotton with stocking stitch and the palm and fingers are double-coated with blue nitrile. The cuff is knitted with elastic stitch and the back is ventilated, so these gloves have high mechanical strength and excellent grip. They have also been treated with Actifresh® to prevent irritation, infections and fungi. They are designed to be used in generic works such as mechanics, construction, assembly and heavy-duty handling where there are oils and greases.
