

These gloves are made of high-quality latex, without liner, with inner white cotton-flocked latex and a non-slip surface on the palm and fingers. They have a good abrasion resistance, good sensitivity and flexibility, which makes them especially suitable for the chemical, petrochemical and automotive industry, maintenance and industrial cleaning.

| Size | Denomination | Part Number | Box Quantity | Outer Box Quantity |
|-------|--------------|-------------|--------------|--------------------|
| 8-8,5 | LNF885 | 05001264 | 10 | 40 |
| 9-9,5 | LNF995 | 05001280 | 10 | 30 |
