

DIN 1480 turnbuckles, hook/eye Blister pack

The zinc-plated wire accessory is also available in a high-quality tamper-proof blister pack presentation. A very convenient and eye-catching solution for displaying on the counter and promoting self-service. Each blister pack contains very few units. The blister pack shows in a very graphic and clear way all the information about the product.

BLISTER PACK MATERIAL: Transparent plastic
TURNBUCKLE MATERIAL: Steel C15
