

Heavy-duty ratchet – 800

The heavy-duty ratchet set is a metal accessory designed with articulated mechanisms suitable for tensioning fastening bands. It is an essential accessory for the functionality of lashing systems for heavy loads. In addition, its correct application avoids possible damage due to bumps, friction and movement or tipping during the transport of the load.

MATERIAL:	Metal part made of alloy steel Ergonomic PVC part
FINISH:	Zinc plated metal part Black ergonomic part
