This set of Allen keys includes different configurations that allow for choosing the one that suits best depending on the regular use. The first set includes 6 keys, the second one includes 8 keys and the third one includes 10 keys of different sizes. A ring holds all the keys to always keep them in the same place, preventing them from getting lost. They are all made of chromium-vanadium according to DIN 911 standards. This set is designed to last over time as the case is made of high-quality PVC to protect the keys from humid environments while keeping them always identified and tidy.

MATERIAL: Chromium vanadium steel 58 CrV4 (1.8161)
FINISH: Blued
HARDNESS: S 2 to 6 min.: 52 HRC
 S 8 min.: 50 HRC
 S 10 to 12 min.: 48 HRC

Part Number	Article / S (nominal)	Quantity	Box Quantity	Outer Box Quantity
