

The heavy load lashing ratchet consists of a tensioning device with a 50 mm wide band. This item is essential to immobilize light loads of any type of freight that is transported by land, air or sea. In addition, its correct application avoids possible damage due to bumps, friction and movement or tipping during the transport of the load.

**MATERIAL:** Band: 100 % polyester  
Buckle: Zinc plated steel

**FINISH:** Blue color
